

Dear Parent/Guardian

Date: 10th September 2020

Re: Year 7 Google Classroom

Google Classroom launches on Monday 14th September

We are now delighted to announce that our Year 7 students will be able to do their home learning in future using Google Classroom.

Google Classroom is a free and secure network for teachers, students and schools. It provides a safe way for students to connect, access homework, participate in lessons and discuss and receive class information.

Using Google Classroom allows you and your child to have access to resources and classwork at any time through the internet and is accessible online and through any mobile device with internet capabilities- including iPhones, iPads and Android devices.

We have created several 'How to Videos' which can be found on our school website [here](#).

The teachers have created an account for your child needed to access the information from their teachers. This information is at the end of this letter. Google Classroom is used as an educational tool and will be used strictly for educational purposes.

We urge you to encourage your child to Google Classrooms, on a daily basis as homework will now be set primarily using Google Classroom. To login to Google Classroom for the first time they will need their username which is the same as their email and school network login. The password will initially be 'Learning' but this can be reset when they login for the first time. An example is below for a student named John Smith:

Login Username: 20JohnS@chat-edu.org.uk

Login Password: Learning

Thank you for your support with implementation of new technology into our classrooms.

Our teachers have worked very hard on this project as they are committed to ensuring students have the best possible educational and learning experience.

Please feel free to contact the school if you have any questions or concerns about this initiative:
gcsupport@chat-edu.org.uk

Yours sincerely

Mr Arthur Barzey
Headteacher
