RE: School Closure on Friday 9th October

Dear Parent or Carer,

We hope that your child feels settled back into life at Heron Hall since the summer and they are now more accustomed with the procedures and health and safety protocols in place on the academy site to ensure they learn in a safe environment.

In order to ensure that staff are fully up to date on the procedures regarding electronic learning, google classroom and teaching remotely we are rescheduling a training day for Friday 9th October. Implementation of the effective electronic and distance learning will ensure that we are meeting the learning needs of students even when they are not on site. This is important in the current situation with students who may need to self-isolate for a period of time but it will also be important in the future to help with revision, catch up and booster sessions.

Closing the school down for this day will also allow us to ensure that the school has another thorough deep clean to supplement the extensive cleaning routines that have been put in place during the reopening protocols.

We apologise for any inconvenience that this may cause but we hope that you understand the importance of the training and the need to ensure that staff are prepared for the future.

Yours Sincerely,

Mr. A. Barzey
Head Teacher
Heron Hall Academy
