Human Papilloma Virus (HPV) and MMR Catch Up Programme

Dear Parent/Guardian,

The Children's Immunisation Team will be visiting Heron Hall Academy to carry out immunisation against the Human Papilloma Virus on **Wednesday 13th January and Wednesday 14th July**.

We are also offering the measles, mumps and rubella vaccine to any child who has not received two doses of MMR vaccine in the past. If consent is given your child's medical records will be checked and if they need an MMR vaccine it will be given at the same session as the HPV.

HPV

HPV vaccination is part of the childhood immunisation programme for boys and girls, and will consist of 2 injections given at least six months apart. This immunisation will help prevent cases of HPV related cancers in boys and girls, such as head and neck cancers, cervical cancer, anal & genital cancers. A leaflet explaining the HPV vaccination programme can be found here <https://www.gov.uk/government/publications/hpv-vaccine-vaccination-guide-leaflet>

We of course require your consent to provide this vaccination. The online consent form can be completed by clicking on the following link www.enfieldhealthimmunisations.co.uk/Forms/HPV You will need to enter the unique code for your child's school. The code is **ENF139599** Please submit your form as soon as possible to ensure your child receives their vaccination. If you experience any problems accessing the form, please telephone 0208 702 3324 and the team will be happy to help.

These will be administered in school

We would be grateful if you could complete the e-consent form, even if you prefer your child not to be vaccinated. This will avoid you being sent subsequent invitations/ appointments and helps us understand reasons for

Measles Mumps & Rubella (MMR) Vaccine

There has been a large increase in the number of young people catching measles and mumps, so we are also offering the MMR vaccine to **any child who has not received two doses of MMR vaccine in the past**. A leaflet explaining the MMR vaccination programme can be found Here <https://www.gov.uk/government/publications/mmr-for-all-general-leaflet>

Again, your consent is required and the code for the online consent form is the same as above (**ENF139599**). www.enfieldhealthimmunisations.co.uk/Forms/MMR

Please note: In the absence of a signed consent / refusal form from a parent / carer your child will be given the opportunity to legally consent for themselves to have these immunisations, if they can demonstrate that they are able to fully understand what is involved in the decision that they are making. Equally even if you consent on their behalf , they may choose to not have the vaccination

The information provided on the form will be securely held on the child's electronic health record until they are 25 years old.

The NHS Trust collects personal information to ensure that individuals receive appropriate care and treatment and to meet certain statutory obligations. This information is kept, together with details of the care provided, because it may be needed if you require treatment again. The NHS Trust [Privacy Notice](#) provides more information relating to how your information is processed. Please see the following link: <http://www.beh-mht.nhs.uk/privacy-notice.htm>

If you have any further questions or queries you can contact the Immunisation Team directly by phone or email, using the contact details at the top of this letter.
