## Education and Skills Funding Agency

On the rare occasion it should occur, the [Academy Trust Handbook](#) gives audit access rights to authorised representatives from the Education and Skills Funding Agency ([ESFA](#)). 16 to 19 Bursary Funds are subject to normal assurance arrangements. Auditors will be looking for evidence that institutions have a clear bursary policy, have applied their bursary fund eligibility criteria correctly and used a consistent application and assessment process for all students and we must be able to demonstrate the appropriate processes are in place and records held.

## Rights of access to data

Whilst the information is only required and collected as part of the bursary application process where those who choose to apply proactively do so, applicants do have access to the information we hold about them, and these rights further explained both in our main privacy notice (entitled [Privacy notice | academy pupils and parents](#)) and in Sections 5 to 11 of our [Data protection policy](#).

Both are available on the policy pages of the school website under the heading 'Data protection policy, privacy notices and related documents'.
